The following notification of the Government of India is republished —

HOME DEPARTMENT

New Delhi, the 4th March 1937.

No. 134-7/37-Police.—His Excellency the Viceroy and Governor General of India has been pleased to confer the Indian Police Medal on the following officers —

Name of officer and rank and statement of services for which the decoration has been conferred.

MADRAS PRESIDENCY.

1. *Mahomed Anwar Ali, Inspector of Police.*— On the 11th August 1935 delivery of immovable property to a decree-holder had to be effected in Kanyana village of South Kanara district. Opposition to the delivery was expected by the Court Amin and he was therefore given a Police party for support. Inspector Mr. Anwar Ali was in command of the Police party and, on arrival at the scene, he found that the fears of opposition were well founded. Four of the opposing party immediately appeared, each armed with a knife and all adopting a very threatening attitude. The Inspector ordered them to be arrested and disarmed. Three of them were disarmed and, as the fourth came towards the Police party, Sub-Inspector Rajiva and a head constable went towards him to disarm him. While they were so engaged, a fifth man suddenly appeared and dealt a severe blow upon the Sub-Inspector's head with a long knife. There was instant confusion and all the persons except the Police halted away.

Inspector Anwar Ali, without any hesitation at once rushed in and tackled this fifth man and held him until he was disarmed, in doing so he received cuts upon his hands from the assailant's knife

The Inspector's prompt and courageous action in tackling this desperate and armed man, though himself unarmed, undoubtedly saved the Sub-Inspector's life as another cut would have finished him.

2. *Ashwaya Sitha Rajiva, Sub-Inspector of Police.*—On the 11th August 1935 this Sub-Inspector was one of a Police party sent in support of an Amin delivering immovable property to a decree-holder in Kanyana village, South Kanara district. On arrival of the party at the scene four men armed with knives immediately appeared and assumed a very threatening attitude. This Sub-Inspector assisted by a head constable had succeeded in arresting and disarming three of them and, when a fourth approached towards the Police party, the Sub-Inspector and a head constable went to disarm him also. While so engaged a fifth man suddenly appeared from a house, armed with a long knife with which he at once dealt a severe blow upon the Sub-Inspector's head. The Sub-Inspector fell down, severely injured and bleeding profusely. He at once jumped up however and, in spite of his weak state and severe head injury, assisted in disarming and arresting his assailant and refused to let go of him until he was safely lodged in a car about a mile from the scene

The Sub-Inspector showed leadership and courage in disarming the first four men. His action in tackling the fifth man, although severely wounded himself, and his tenacity in remaining steadfast to his duty until his prisoner was safely lodged in custody are deserving of the highest praise.

N.B.—These awards are made for gallantry under regulation 4 (a) of the regulations governing the grant of the Indian Police Medal and consequently carry with them the special allowances admissible to officers of rank below the rank of Inspector of Police

No. 378.—

The following draft of certain rules to regulate the invitation and acceptance of tenders for contracts in respect of local board works which the Governor acting with Ministers proposes to make in exercise of the powers conferred by clause (*a*) of sub-section (2) of section 199 of the Madras Local Boards Act, 1920 (Madras Act XIV of 1920), and in supersession of rules 234 to 256 of the rules published with Local and Municipal Departmental Notification No. 85, at pages 49–87 of Part I-A of the *Fort St. George Gazette*, dated the 27th January 1920, as subsequently amended is hereby published, as required by clause (*a*) of section 200 of the said Act, for general information.

Notice is hereby given that the draft will be further proceeded with after the expiry of six weeks from the date of publication of this notification and that any objection or suggestion which may be received with respect thereto before the expiry of the period aforesaid will be considered by the Governor acting with Ministers.

DRAFT RULES.

1. (1) Tenders shall be called for in respect of every work the estimated cost of which exceeds Rs. 250 provided that a district board may dispense with tenders—

(*a*) in the case of any work entrusted to a panchayat for execution, if the estimated cost of the work does not exceed Rs. 2,000;

(*b*) in the case of any work entrusted for execution on the 'A' system of contracts for road maintenance [referred to in Article 253 (*b*) of the Local Boards Manual]; and

(*c*) in the case of any work not so entrusted, if the estimated cost of the work does not exceed

Rs. 1,000, and the district board engineer certifies that the delay, labour or cost involved will outweigh the advantage arising from calling for tenders.

(2) Where tenders are dispensed with under proviso (c) to sub-rule (1), the district board engineer shall ordinarily get the work done through a contractor selected from the register of contractors, at rates which shall not exceed the sanctioned rates.

2. A register of contractors shall be maintained in the district board engineer's office and such register shall be treated as confidential. A copy of the register shall be submitted to the president, district board.

3. The register of contractors shall be in Form I appended to these rules.

4. (1) The register of contractors shall be kept up to date. The district board engineer shall scrutinize the register at least once in six months and sign it in token of his scrutiny. Any changes in the register considered necessary by the district board engineer shall be referred by him to the president, district board, for orders. The changes, if any, ordered by the president, shall be made in the register.

(2) In the remarks column of the register, the qualifications of the contractor, the quality of works previously executed by him, and all other relevant particulars, shall be entered.

(3) Any person desirous of being registered as a contractor shall apply to the district board engineer, stating his qualifications and previous experience. The district board engineer shall make a full enquiry and submit the application to the president, district board, with the record of the enquiry made by him and his recommendations in regard to the particulars mentioned in columns (3) to (5) of the register. The president shall pass orders on the application and return it to the district board engineer who shall, if so directed by the president, enter the name of the applicant in the register and communicate the orders of the president in regard to the particulars mentioned in columns (3) to (5) of the register to the contractor confidentially.

(4) The register and connected records shall be available for the perusal of the Audit or Supervising Officer who shall bring to the notice of the Local Government any material irregularities.

5. (1) Subject to the provisions of rule 1, tenders in sealed covers shall be invited by the district board engineer in the most open and public manner possible

(a) by advertisement in the District Gazette;

(b) by a notice in the chief vernacular language or languages of the district, posted at the office of the district board and at such other public places as the district board engineer may deem fit; and

(c) wherever possible, by advertisement in one or more newspapers circulating in the district.

(2) Every advertisement or notice published under sub-rule (1) shall state—

(i) when and where the contract documents may be inspected,

(ii) when and where tenders are to be submitted,

(iii) when and where they are to be opened,

(iv) the amount of earnest money which should accompany the tender and the amount and nature of security required in case the tender is accepted,

(v) the authority competent to accept the tender, and

(vi) that the authority competent to accept the tender reserves the right to reject any or all of the tenders received, without assigning any reasons.

6. (1) The proper form of tendering, namely, whether it should be at a specified percentage below or above the estimate or whether definite rates should be quoted for each item of work, independently of the rates provided for in the sanctioned estimate shall be decided by the district board engineer on the merits of each case.

(2) Contractors may be permitted to examine the estimates for a work, but the data statement showing the actual cost of materials and the distance of the lead on which the estimate is really based shall not be shown to them nor shall it form part of the contract documents.

7. Before tenders are invited for the execution of a work on contract the district board engineer shall prepare "contract documents" which shall include—

(1) a complete set of drawings showing the general dimensions of the proposed work and as far as necessary details of the various parts;

(2) a complete specification of the work to be done and of the materials to be used unless reference can be made to some standard specification;

(3) a schedule of the quantities of the various descriptions of work; and

(4) a set of "conditions of contract" to be complied with by the tenderer in case his tender is accepted.

Note.—In the case of lump sum contracts, no schedule of quantities will be prepared by the district board engineer. Tenderers should prepare their own estimates to arrive at a lump sum.

8. In any work in which the estimated cost of steel work exceeds Rs. 10,000, tenders shall be called for separately in respect of such steel work, so that steel-manufacturing firms may tender for such work at competitive rates.

Explanation.—In computing the value of steel work for the purposes of this rule, the value of steel in reinforced concrete work shall not be included.

9. No tender shall ordinarily be treated as valid unless it is accompanied either by the earnest money specified in the tender notice, or by a treasury receipt in token of the party having remitted into the treasury the amount of the earnest money.

A separate list of all sums deposited as earnest money shall be maintained under the signature of the officer opening the tender for facility of reference.

10. Only tenders from registered contractors shall be considered. This condition shall not be enforced in the case of capital works the estimated cost of which exceeds Rs. 20,000.

Explanation.—A person who has not applied for the inclusion of his name in the register of contractors at least three months before the publication of the advertisement or notice calling for tenders in respect of any work, shall not be considered as a registered contractor for the purposes of such work.

11. The amount of earnest money to be deposited shall be sufficiently large so as to be a security against loss in the case of the contractor failing to furnish the required security within the appointed time after the acceptance of his tender, or until the sums due to him form a sufficient guarantee, as the case may be.

12. The district board engineer shall, at the time and place specified for the purpose, open the sealed covers containing the tenders in the presence of such of the tenderers or their authorised agents as may be present. Until the sealed covers are so opened, they shall be kept in the personal custody of the engineer or of such person as may be authorized by him in that behalf. In opening the tenders, he shall initial all corrections in each tender, which may have been made by the tenderer and attested by him. If there are corrections in the tender unattested by the tenderer a note of such corrections shall be made on the tender itself when it is opened. The district board engineer opening the tender shall keep a personal note of the total number of tenders opened by him and verify therewith the number in the tender register referred to in rule 14.

13. (1) The lowest tender shall ordinarily be accepted. Where it is considered undesirable to accept the lowest tender, the reasons shall be clearly recorded in writing and made available for the purposes of audit.

(2) Where the capacity for work and the integrity of a tenderer are not known, his tender need not necessarily be rejected; such additional security as the authority competent to accept the tender considers necessary shall however be taken from the tenderer if the circumstances warrant such a course.

(3) Where the lowest tender is rejected, the next lowest tender shall be accepted, unless adequate grounds can be recorded for rejecting that tender also.

(4) In no case shall a tender be accepted at rates other than those specified in that tender.

(5) There shall be no avoidable delay in the disposal of tenders after they are opened. Ordinarily they shall be disposed of within a week of the date on which they are opened and in no case shall tenders remain undisposed of for a period exceeding one month.

14. After the tenders are opened, they shall be tabulated and posted in a tender register maintained in the district board engineer's office in Form II appended to these rules. The district board engineer shall scrutinize the entries in the register and certify that the tabulation is correct with reference to the original tenders which shall be preserved and made available for the purposes of audit.

15. The district board engineer shall pass orders in accordance with the provisions of rule 17 in the case of all works, the estimated cost of which does not exceed Rs. 2,500. If the lowest tender is not accepted, and the person making such tender is a person competent according to the register of contractors, to execute the work the orders of the president, district board, shall be obtained. Such orders shall contain clear and convincing reasons for not accepting the tender.

16. In the case of works the estimated cost of which exceeds Rs. 2,500 the district board engineer shall submit the tabulated tender register with his recommendations to the president, district board. The latter shall pass orders in accordance with the provisions of rule 13 in the case of all repair works and in the case of capital works the estimated cost of which does not exceed Rs. 20,000. If the president does not propose to accept the lowest tender and the person making such tender is a person competent, according to the register of contractors, to execute the work, the orders of the Local Government shall be obtained.

17. In the case of tenders for capital works the estimated cost of which exceeds Rs. 20,000 the tenders shall be submitted to the Local Government with the recommendations of the district board engineer and the president, district board.

18. Tenders for steel work the estimated cost of which exceeds Rs. 10,000 shall be accepted by the president only after getting the approval of the Superintending Engineer. In cases of difference of opinion between the president and the Superintending Engineer, the matter shall be referred to the Local Government for orders.

RULES AND DIRECTIONS FOR THE ADMISSION OF HOLDERS OF SECONDARY SCHOOL-LEAVING CERTIFICATES TO UNIVERSITY COURSES OF STUDY IN THE ACADEMIC YEAR 1937-38 AND SUCCEEDING YEARS.

Admission of holders of Secondary School-Leaving Certificates to University Courses of Study in the Academic year 1937-38 shall be made in accordance with the following rules and directions which shall apply in the case of those who have appeared for the qualifying Secondary School-Leaving Certificate Examination completing a course of instruction in the VI Form in one of the schools situated in the University area of affiliation (namely, Guntur, Vizagapatnam, East Godavari, West Godavari, Kistna, Guntur and Nellore districts).

2. Only such holders of completed Secondary School Leaving Certificates may be admitted to University Courses of Study and registered as Matriculates under section I of Chapter XXXVI (Andhra University Code) as (a) have completed not less than 16 years of age on the first day of the month in which the examination qualifying for such certificates is held unless specially exempted from the operation of this age-limit, and (b) have been declared eligible for such admission by the Syndicate.

3. A complete list of certificate holders declared eligible for admission to University Courses of study will be published annually in the *Fort St. George Gazette* and a copy of this list will be furnished to the Principals of affiliated colleges. A certificate holder not included in one of these lists will not be entitled to registration as a Matriculate under section I of Chapter XXXVI mentioned above except as provided in paragraph 8 below.

4 (a) All Secondary School-Leaving Certificate holders whose certificates are issued under the authority of the Government of Madras will be declared eligible for admission to University Courses of study who qualify under the following rules:—

(i) They should have presented at one time for the Secondary School-Leaving Certificate examination (a) all the five subjects in Group A subject to the condition that students who have been specifically exempted by the Director of Public Instruction from the study of the Vernacular Composition and Translation need not sit for the examination in that subject, and (b) one subject under Group C.

(ii) Those who secure at the Public Examination not less than 35 marks in each of the 4 Group subjects and not less than 30 per cent of the marks in the subject under Group C.

(iii) Those who secure not less than 35 marks in English, not less than 35 marks in the selected second language and not less than 105 marks in the remaining three subjects of Group A taken together, with at least 25 marks in each of these three subjects and not less than 30 per cent of the marks in the subject under Group C.

(iv) Those who secure not less than 35 marks in English, not less than 35 marks in the selected second language, and 105 marks in the remaining four subjects, including the C Group subject, the marks being not less than 25 per cent in any two of these four subjects and not less than 25 per cent in each of the other two.

(b) The Principals of affiliated colleges will be permitted to admit for Mathematics in the Intermediate course only such eligible candidates as have presented Algebra and Geometry under Group C of the Secondary School-Leaving Certificate examination.

Provided that the Syndicate, on the recommendation of a Principal of a college shall have power to exempt from the operation of this rule, a student who, in the opinion of the Syndicate is likely to profit by the study of Mathematics in the Intermediate course.

(c) In the case of a Secondary School-Leaving Certificate holder who has been excused the study of a second language, the total marks required for the purpose of the application of the above rules will be reduced correspondingly.

(d) Notwithstanding anything contained in the foregoing rules, a certificate holder who obtains in the aggregate not less than 60 per cent of the total marks (i.e., 300 in five or 360 in six as the case may be) will be declared eligible for admission to University Courses of Study though he may fail to obtain qualifying marks in one or more subjects, provided that he shall secure at least 20 per cent in each subject.

5. The Syndicate shall appoint a Moderation Board to consider and modify, if need be, the results of the examination before publication.

6. Any candidate for admission to University Courses of Study who in any year fails to qualify by reason of deficiency in any subject or subjects in which he has undergone examination will be required to appear again at the Public Examination in all the five subjects of Group A and one subject in Group C and his eligibility for admission will be determined according to the preceding rules by the marks obtained by him at the last examination.

7. Certificates once scrutinised, the holders of which were found ineligible under the rules in force at the time of scrutiny, will not be reconsidered.

8. Notwithstanding anything contained in the foregoing rules, the Principals of colleges will be permitted to make admission at their discretion of (1) Women holders of Secondary School-Leaving

Certificates whether the names of such holders of certificates are included in the published list of certificate holders eligible for admission to University courses of study or not, provided such students appeared for the qualifying Secondary School-Leaving Certificate examination after completing a course of instruction in the VI Form in one of the schools in the University area of affiliation, and provided that they secure not less than 30 per cent in English and 30 per cent in the Second language, (2) women holders of Secondary School-Leaving Certificates whose parents or guardians are either domiciled or resident in the Andhra University area, and who, after having studied in an institution in Madras or in the Ceded districts or in Chittoor district, obtain marks qualifying for eligibility under the above rules. Certificate holders so admitted to colleges will be registered as Matriculates under section 2 of Chapter XXXVI.

3. The lists published annually, in the *Fort St George Gazette* will contain the names of all certificate holders, except those whose cases may be considered under the preceding section, found to be eligible for admission to University courses of study in affiliated colleges, under the rules and directions issued from time to time. It is, however, to be clearly understood that inclusion in the list confers on no certificate holder the right of admission to any affiliated college. The Principals of colleges are not only at liberty to restrict admission to such applicants as they may select but are further required to confine admission to such eligible certificate holders as, judged by their certificates, may be expected to profit by the particular course of study upon which they propose to enter in the college selected.

2. Tenders must be submitted in sealed covers, and should be addressed to the Executive Engineer, Guntur Division, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorised officer who shall produce with his tender, satisfactory evidence of his authorization. Such tendering corporation may be required before the contract is executed to furnish evidence of its corporate existence.

3. Each tenderer must pay, as earnest money, a sum of rupees fifty only into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of Revenue Deposits on behalf of the Executive Engineer of the Guntur Division and enclose with his tender the chalan endorsed accordingly. This earnest money will be refunded to the unsuccessful tenderers on application, after intimation of rejection of the tender or at the expiration of two months from date of tender whichever is earlier. The refund will be authorized by the Executive Engineer by suitable endorsement on the chalan. The earnest money will not be received in cash or currency notes by the Public Works Department officers, save in exceptional cases where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date, on the back of all the currency notes given by him, whatever their denomination may be.

The earnest money will be returned in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of rupees twenty five only in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental new lump sum contract form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 6% of the Standard Peel money Specification of the Madras Detailed Standard Specifications will be retained as security for the due fulfilment of the contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to attend the Division office on the date fixed in the written intimation from such office or to enter into the required agreement or to make the security deposit as defined in this paragraph, shall entail forfeiture of the earnest money.

5. The tenderer shall examine closely the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein and sign the Divisional office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender unit rates which shall be for finished work *in situ*. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 3 p.m. on office days in the office of the Executive Engineer, Guntur Division.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification sheet. The best class of materials to be obtained from the quarries or other source defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications or in this tender notice or as required by the Executive Engineer in any case shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor after examination of the source of materials defined in the Descriptive Specification sheet is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification sheet, he shall state clearly in his tender and state where from he intends to obtain materials subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard " Preliminary Specification " regarding payment of conveyance, tolls, etc.

8 The tenderer's particular attention is drawn to the sections and clauses in the standard " Preliminary Specification " dealing with—

It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Guntur Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump sum tender on the schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas and in sums of three pice. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract. The schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or corrections of figures. Corrections, where unavoidable, should be made by crossing out initialing, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump sum amounts for items not called for shall not be included in the tender No alteration which is made by the tenderer in the contract form the conditions of contract, the drawings, specifications or quantities accompanying same will be recognised ; and if any such alterations are made, the tender will be void.

Tenderers shall quote their price for finished work accordingly. No carriage or incidental charges will be borne by Government in connexion with this supply.

16 The Executive Engineer or other subordinate authority reserves the right to reject any tenders and the tenders without assigning any reason therefor

17. The qualification of the supervising staff employed by the contractor in the execution of the work will be given due consideration in awarding the contract. GOVERNMENT OF INDIA.

LEGISLATIVE ASSEMBLY DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 19th February 1937:—

L A. BILL No 11 OF 1937.

A Bill further to amend the Indian Limitation Act, 1908, for a certain purpose.

IX of 1908.

WHEREAS it is expedient further to amend the Indian Limitation Act, 1908, for the purpose hereinafter appearing, it is hereby enacted as follows:—

1. This Act may be called the Indian Limitation (Amendment) Act, 1937.

Amendment of Article 149, First Schedule to Act IX of 1908.

2. In Article 149 in the First Division of the First Schedule to the Indian Limitation Act, 1908, to the entry in the first column the following words shall be added, namely:— IX of 1908,

"except a suit before the Federal Court in the exercise of its original jurisdiction."

STATEMENT OF OBJECTS AND REASONS.

Article 149 of the Indian Limitation Act, 1908 (IX of 1908), prescribes a special period of limitation of 60 years for any suit by or on behalf of the Secretary of State for India in Council. This Article will in future govern suits by a Province against a Province or between a Province and the Federation. The reasons which justify a specially long period of limitation for suits by the Crown against a private person hardly seem applicable where both parties represent the Crown. It is, therefore, necessary to amend the Article by excluding from its scope suits brought before the Federal Court in the exercise of its original jurisdiction.

NEW DELHI,
The 16th February 1937.

The following Bill * was introduced in the Legislative Assembly on the 19th February 1937:—

L A. BILL No. 12 OF 1937.

A Bill further to amend the Indian Tea Cess Act, 1903, for a certain purpose.

WHEREAS it is expedient further to amend the Indian Tea Cess Act, 1903, for the purpose of securing that the said Act should cease to be in force in Burma; It is hereby enacted as follows:— IX of 1903.

Short title.

1. This Act may be called the Indian Tea Cess (Amendment) Act, 1937.

Amendment of section 1, Act IX of 1903.

2. To sub-section (2) of section 1 of the Indian Tea Cess Act, 1903, the words "and Burma" shall be added. IX of 1903.

STATEMENT OF OBJECTS AND REASONS.

The Government of India have had under consideration the question of continuance of the Indian Tea Cess Act, 1903 (IX of 1903), in Burma on the separation of that country from India. It is felt that in view of the small income likely to result from any duty imposed on the comparatively unimportant tea exports from Burma and the fact that Burma is not represented on the Indian Tea Market Expansion Board, which administers the funds accruing from the duty imposed under the Act, continued application of the Act to Burma after separation is not only unnecessary but is likely to lead to considerable friction over the distribution of the Board's efforts as between India and Burma's teas.

It has accordingly been decided, in consultation with the tea industry in India and the Government of Burma, to exclude Burma from the operation of the Act. As under section 143 of the Government of Burma Act, 1935, all laws in force in Burma immediately before separation will continue in force there until altered or repealed or amended, it is necessary that the Indian Tea Cess Act should be amended before April 1, 1937, so as to exclude Burma from its scope.

The present Bill incorporates the amending legislation.

NEW DELHI,
The 17th February 1937.

* The Governor General has been pleased to recommend the sanction required by section 67 (2) of the Government of India Act.

The following Bill * was introduced in the Legislative Assembly on the 19th February 1937.—

L.A. BILL No. 13 OF 1937.

A Bill further to amend the Indian Army Act, 1911, for a certain purpose.

VIII of 1911. WHEREAS it is expedient further to amend the Indian Army Act, 1911, for the purpose hereinafter appearing; It is hereby enacted as follows:—

Short title. 1. This Act may be called the Indian Army (Amendment) Act, 1937.

Amendment of section 2, Act VIII of 1911. VIII of 1911. 2. In section 2 of the Indian Army Act, 1911,—

(a) to clause (a) of sub-section (1) the following proviso shall be added, namely:—

"Provided that a person holding a commission in the Army in India Reserve of Officers shall be so subject only when ordered on any duty or service for which he is liable as a member of such reserve force"; and

(b) to sub-section (2) the following proviso shall be added, namely:—

"Provided that an officer of the Indian Land Forces retired therefrom and appointed to the Indian Regular Reserve of Officers shall again become so subject when ordered on any duty or service for which he is liable as a member of such reserve force."

STATEMENT OF OBJECTS AND REASONS.

Under section 176 (2) of the Army Act, officers of the British wing of the Army in India Reserve of Officers are only subject to military law when called out in a military capacity. There is no corresponding provision in the Indian Army Act for officers in the Indian wing of the Army in India Reserve of Officers. It is proposed, therefore, to amend the Indian Army Act, 1911 (VIII of 1911), to put officers of the Indian wing in exactly the same position as officers in the British wing.

2. When Indian Commissioned Officers retire, they are liable under certain conditions to join the new Indian Regular Reserve. There is however no provision in the Indian Army Act for the subjection to military law of a retired officer who is in this Reserve. This defect is being remedied, but at the same time steps are being taken to ensure that such officers will only be subject to military law when ordered on any duty or service for which they are liable as members of the Reserve.

(1) on sugar from Rs. 9-1-0 per cwt. to the rate at which excise duty is for the time being leviable on sugar, other than *khandsari* or palmyra, *plus* Rs. 7-4-0 per cwt., and

(2) on silver from 2 annas an ounce to 3 annas an ounce.

5. Clause 5 provides for the increase in the excise duty on silver corresponding to the increase in the import duty.

6. Clause 6 provides for the continuance for a further period of one year of the present inland postage rates with the following alterations:—

(1) *Book, Pattern and Sample Packets.*—The present rate is nine pies for the first five tolas and six pies for every additional five tolas. It is proposed to reduce the rate to six pies for the first 2½ tolas and three pies for every additional 2½ tolas.

(2) *Parcels.*—It is proposed to eliminate the present rate of 2 annas for parcels weighing up to 20 tolas, so that all parcels weighing 40 tolas or less will be charged 4 annas.

7. Clause 7 provides for the continuance for a further period of one year of the existing rates of income-tax and super-tax.

8. The reasons for making the above changes have been fully explained in my budget speech

NEW DELHI,
The 27th February 1937.

The following Bill was introduced in the Legislative Assembly on the 4th March 1937:—

L.A. BILL No. 15 OF 1937.

A Bill further to amend the Code of Civil Procedure, 1908, for a certain purpose.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purpose hereinafter appearing; It is hereby enacted as follows:— V of 1908.

Short title. 1. This Act may be called the Code of Civil Procedure (Third Amendment) Act, 1937.

Amendment of rule 3, Order XXXII First Schedule to Act V of 1908. 2. In the First Schedule to the Code of Civil Procedure, 1908, in Order XXXII, to rule 3 the following sub-rule shall be added, namely:— V of 1908.

"(5) A person appointed under sub-rule (1) to be guardian for the suit for a minor shall, unless his appointment is terminated by retirement, removal or death, continue as such throughout all proceedings arising out of the suit including proceedings in any appellate or revisional Court and any proceedings in the execution of a decree."

STATEMENT OF OBJECTS AND REASONS.

Rule 3 of Order XXXII of the First Schedule to the Code of Civil Procedure, 1908, lays down that where the defendant is a minor, the Court shall appoint a proper person to be guardian for the suit for such minor. It has been held by the High Courts that an appointment made during the course of original suit endures during proceedings on appeal. There is no provision in the Code requiring fresh appointment of guardians for the execution proceedings following suits. It might therefore be thought that a guardian *ad litem* appointed during a suit continues as such till the termination of the execution proceedings. But some High Courts follow a different interpretation and one of them has held that the guardian *ad litem* appointed by a Court for a minor defendant does not continue to be the guardian for the suit in the execution proceedings without a fresh appointment. The Bill proposes to make it clear that the appointment endures throughout all proceedings arising out of the suit, including those in any appellate or revisional Court and those in the execution of a decree

The following Bill was introduced in the Legislative Assembly on the 4th March 1937:—

L.A. BILL No. 16 OF 1937.

A Bill to amend the Indian Red Cross Society Act, 1920, for certain purposes.

WHEREAS it is expedient to amend the Indian Red Cross Society Act, 1920, for the purposes hereinafter appearing; It is hereby enacted as follows:— XV of 1920.

Short title. 1. This Act may be called the Indian Red Cross Society (Amendment) Act, 1937.

XV of 1920.

2 Section 8 of the Indian Red Cross Society Act, 1920 (hereinafter referred to as the said Act), shall be re-numbered as sub-section (1) of that section, and to that section as so re-numbered the following sub-sections shall be added, namely:— Amendment of section 8, Act XV of 1920.

"(2) The Governor General in Council may, by notification in the *Gazette of India*, direct that any Province, State or other part of India specified in the first column of the Second Schedule shall be excluded therefrom or that any Province, State or other part of India not specified therein shall be included therein and that the percentages specified in the third column of the said Schedule shall be varied as required by any such exclusion or inclusion.

(3) On the issue of a notification under sub-section (2) the Second Schedule shall be deemed to be amended in accordance with such notification.

(4) No notification under sub-section (2) shall be made without the consent of every Branch Committee constituted in the Provinces, States and other parts of India for the time being included in the Second Schedule."

3. For the Second Schedule to the said Act the following Schedule shall be substituted, namely:— Substitution of new Schedule for the Second Schedule to Act XV of 1920.

STATEMENT OF OBJECTS AND REASONS.

The Red Cross Society (Allocation of Property) Act of 1936 transferred 7 per cent of the corpus of the funds vested in the Indian Red Cross Society to form the capital of a new Society to be set up in Burma.

It has now been found necessary to pass consequential legislation in respect of the Indian Red Cross Society Act of 1920 (XV of 1920). Having received her share of the corpus, Burma must be deleted from the Second Schedule to this Act and arithmetical changes must be made in the percentages of the shares of each subsidiary Society in India in the remainder of the corpus.

2. At the same time it is appropriate to make provision in the Second Schedule for the two new subsidiary Societies of Gwalior and Orissa which have been founded.

3 The opportunity is also being taken to amend section 8 of the Indian Red Cross Society Act of 1920 (XV of 1920). It appears undesirable to be compelled to resort to legislation whenever a change in the Second Schedule is required as a result of agreement between the different branches of the Society. It is proposed therefore to empower the Governor General in Council to make such changes to the Schedule when such agreement is forthcoming.
